

MAKE **STREAMS** COME
TRUE

CHAUVET DJ products
for online streaming presentations

CHAUVET **2**

Online streaming presentations have revolutionized the events and entertainment industries. More people than ever are reaching larger audiences, clients and colleagues remotely. Dynamic visual elements so important to live events become even more important through the lenses of phone and computer cameras where interesting content can suffer from dark and grainy images. Effective lighting can be the key in providing professional and engaging visual presentations with color and clarity. CHAUVET DJ makes that easy and affordable.

KEY LIGHT

Shine light on presenters with strategically placed fixtures for key lighting to keep streaming subjects in the spotlight.

EVE F-50Z

- Stylish, compact Fresnel perfect for small to medium stages and theatres
- Warm white LED with high CRI show the true natural colors of scenery and cast
- Flexibility to project from any distance using the manual zoom
- D-Fi™ USB compatibility for wireless Master/Slave or DMX control

EVE TF-20

- Compact, energy efficient, soft edge LED accent luminaire
- Constant Current Reduction (CCR) dimming works with conventional dimmers
- Track adaptor included fits most single and dual circuit tracks
- Classic Fresnel style gives the feeling of stage and theatrical lighting

EVE P-100WW

- High output warm white (3500 K) wash light designed for mobile and installation applications
- Included interchangeable magnetic lenses alter the beam to desired angles
- Built-in gel frame holder and 6¼-inch accessory slot to hold barn doors
- Fanless design ensures 100% silent operation

EVE P-140VW

- Robust, variable-white wash light designed for mobile lighting professionals
- Included interchangeable magnetic lenses alter the beam to desired angles
- Built-in gel frame holder and 6¼-inch accessory slot to hold barn doors
- powerCON®-compatible power input/output connections for power linking

Freedom Q1N

- 100% TRUE wireless, battery-operated, narrow LED wash with built-in D-Fi transceiver
- Suitable for every event with either black or white housing
- System includes 4 fixtures, a carry bag, multi-charger and IRC-6 remote
- Multiple control options include stand-alone, wireless DMX or IR

Freedom H1

- 100% TRUE wireless, battery-operated, LED wash with built-in D-Fi transceiver
- System includes 4 fixtures, 4 diffusers, a carry bag, multi-charger and IRC-6 remote
- Quick swapping of filters and gradients with the included magnetic gel holder
- Multiple control options include stand-alone, wireless DMX or IR

SlimPAR Pro W USB

- Low-profile, variable white LED Par designed for any application in need of adjustable color temperatures featuring tri-color (cool white, warm white, and amber) LEDs
- D-Fi USB compatibility for wireless Master/Slave or DMX control
- powerCON®-compatible power input/output connections for power linking
- Compatible with most 7.5" Barndoors for added light control

AND LIVE XL

WASH LIGHT

Streaming spaces can draw as much attention as the content they're being presented in. A splash of color can warm a room, add visual interest and help create depth of field.

Freedom Par Quad-4

- 100% TRUE wireless, battery-operated, quad-color (RGBA) LED Par with built-in D-Fi™ transceiver
- Multiple wireless triggering and control options via the FlareCON™ Air and the FlareCON™ app
- Works in Master/Slave with first-generation Freedom™ Pars
- Shine light where it is needed using the built-in adjustable kickstand

Freedom CYC

- 100% TRUE wireless, battery-operated cyc light blankets the wall with uniform colors
- Unique lens design perfectly mixes the RGB + WW color spectrums
- Can be used on battery or connected to electrical mains for even greater output
- Multiple wireless control options via FlareCON, IRC-6 or DMX using a D-Fi transmitter

Freedom Par Tri-6

- 100% TRUE wireless, battery-operated, tri-color LED Par with built-in D-Fi™ transceiver
- Multiple wireless triggering and control options via the FlareCON™ Air and the FlareCON™ app
- Works in Master/Slave with first-generation Freedom™ Pars
- Shine light where it is needed using the built-in adjustable kickstand

Freedom Flex H4 IP

- 100% TRUE wireless, battery-operated, hex-color (RGBAW + UV) LED Par with built-in D-Fi transceiver
- Quick Change Flex battery pack for easy battery charges and changes
- Temporary outdoor-rated robust housing repels water, snow, dirt, and sand for all-weather application
- Multiple wireless triggering and control options via the FlareCON Air and the FlareCON app

Freedom Par Hex-4

- 100% TRUE wireless, battery-operated, tri-color LED Par with built-in D-Fi™ transceiver
- Multiple wireless triggering and control options via the FlareCON™ Air and the FlareCON™ app
- Works in Master/Slave with first-generation Freedom™ Pars
- Shine light where it is needed using the built-in adjustable kickstand

Experience the wonder of wireless lighting control right from your smart phone or tablet. BTair is the app that makes it happen! Download the free BTair app (patent pending) from the App Store or Google Play and discover how easy it is to control your Bluetooth® wireless technology compatible CHAUVET DJ fixtures right from your phone or tablet without any additional hardware needed! Create and store scenes. Control color fades, chases and more right from the palm of your hand with BTair.
