

CHS-50

It's a soft-sided rolling transport bag that fits many of our most popular fixtures. It's wheels and retractable handle make moving heavier fixtures a breeze. Three removable dividers keep multiple units packed safely in place. Convenient side pockets allow you to carry cables, clamps and other handy accessories.

Highlights

- Durable, soft-sided rolling bag designed to transport different types of fixtures from show to show
- Easily transports all your gear using 4 internal and two external compartments
- Main compartment stores lighting fixtures, while side compartments store cables, clamps and many other accessories
- Transport large fixtures with ease using built-in wheels and a retractable handle
- Increase storage flexibility with 3 removable dividers
- Safeguard your fixtures during transport with internal padding
- Save time during set up and tear down with easy access to each compartment
