

COLORstrip Mini

The COLORstrip Mini is a 19-inch long four-channel DMX-512 controlled LED linear wash light. Static colors and RGB color mixing can be done with or without a DMX controller. Blackout, static, dimmer and strobe are included.

Additional features include built-in automated and sound-activated programs via master/slave or DMX. Up to 31 units can be linked master/slave for a color-changing runway effect.

Highlights

- Compact, linear wash light designed for uplighting applications or great eye-candy effects
- Increase effects by power linking multiple units together to create runway chases
- Create coordinated light shows by linking other COLORstrip™, and COLORstrip™ Mini fixtures in Master/Slave mode
- Convenient, wireless non-DMX control using the optional IRC-6 remote
- Save time running cables and extension cords by power linking multiple units
- Fits best in the CHS-60 VIP Gear Bag
