

D-Fi 2.4 Tx/Rx Duo

D-Fi 2.4 Tx/Rx Duo is a convenient pack of one [D-Fi 2.4 Tx](#) and one [D-Fi 2.4 Rx](#). The super-compact Rx model acts solely as a receiver and the Tx model acts solely as a transmitter and the Rx as a receiver for wireless DMX. They are also compatible with any product that runs on the D-Fi 2.4GHz signal including: D-Fi 2.4GHz and Freedom Series. For more stable communication between units, this version operates on a 2.4 GHz frequency range and includes an "auto" function which automatically finds the best frequency available and effortlessly syncs the units.
