

Firebird LED

The CHAUVET DJ Firebird LED creates a simulated flame effect without heat. The included wireless remote provides independent color control allowing you to create rich flame colors with red, green, blue and amber LEDs. The Firebird LED stands 6.5 feet (2 m) tall and can be seen from longer distances. The unit features built-in imitation flicker effects to achieve a perfect flame look. The Firebird LED can be activated from the display, DMX or the included wireless remote and fits best in the [CHS-50 VIP Gear Bag](#).
