

Geyser T6

Geyser T6 brings a burst of lighting energy to your events with a pyrotechnic-like effect. Geyser T6 illuminates bursts of water-based fog with 6 tri-color (RGB) LEDs. Its advanced fluid sensor with automatic shut off protects the pump from overheating. Compact and lightweight, Geyser T6 is perfect for mobile applications.

Highlights

- Pyrotechnic-like effect without the use of any toxic chemicals, fire or heavy CO2 canisters
- Multiple control options include wireless remote, timer remote or push button on rear
- Assign different colors to each of the remote's buttons and the manual button
- Lightweight and compact size makes it perfect for mobile applications
- Digital display allows for easy configuration even in a fast paced environment
- Advanced fluid sensor, with automatic shut-off protects the pump from overheating
- LED-illuminated tank clearly shows remaining fluid level
