

Hurricane 1600

The Hurricane 1600 is a compact, lightweight high output fog machine with DMX control that enhances any light show. Variable output control from DMX or the included timer remote allows for precise effect operation. The Hurricane 1600 features Always Ready technology providing fog on demand. A manual fog button provides easy control at your finger tips and the LED-illuminated tank enhances operation and safety. An advanced fluid sensor, with automatic shut-off protects the pump from overheating. The machine has ultra-fast heat up time for a quick setup and residue-free water based fog output.
