Intimidator Scan LED 300

It's a bright, compact LED scanner with a crisp, 3-sided prism which duplicates the beam for great effects and a larger coverage area. Its high-frequency LED dimming allows for flicker-free video operation and it's packed with tons of features to enhance any show. It features a motorized focus for crisp gobos, sound-activated programs, and built-in automated programs for a synchronized show in master/slave mode. Plus, you can power link up to 4 units and save some time running cables and extension cords.
