

Nimbus Jr.

Perfect for smaller venues and mobile entertainers, Nimbus Jr. is a compact version of the original [Nimbus](#) dry ice machine. Simply fill it with just over two gallons of water, add up to 5 lb (2.3 kg) of dry ice, and plug it into any standard wall outlet. Nimbus™ Jr. is ready to produce the “dancing on a cloud” effect in less than 20 minutes with a reheat time of 10 minutes between uses.

Highlights

- Compact and portable professional dry ice machine creates a thick, white cloud that hugs the floor
- Easy, plug-n-play operation quickly heats water to its optimal operating temperature
- Ready to cloud in less than 20 min with a 4 liter water tank capacity
- Simplify transport to any mobile event with a smaller-sized machine
- Manipulate the output and flow with the adjustable, multi-level control handle
- Increase safety with low-water and temperature sensors that automatically shut off heaters

Specifications
