

Scorpion Bar RG

Scorpion Bar RG is an array laser fixture that creates dynamic aerial effects using variance-free Fat Beam technology. The single bar unit features four ultra bright lasers creating stunning mid-air patterns in red and in green. Rugged brackets provide flexibility to hang the fixture either horizontally or vertically. Easy control options include auto programs, sound activation, DMX control and optional [IRC-6](#) remote.

Highlights

- Quad-beam aerial effect laser with FATBEAM™ technology for events with fog or haze
- A pair of red and a separate pair of green lasers shine through any environment
- Included brackets allow horizontal or vertical mounting for optimal placement
- Compatible with the IRC-6 wireless remote for wireless triggering (sold separately)
- 12 built-in auto programs deliver professional shows but save time programming
- Link additional Scorpion Bar RG fixtures together in master/slave for large coordinated shows
- Convenient control options include DMX, stand-alone, master/slave and wireless IR
- Save time running cables and extension cords by power linking multiple units together
- Fully FDA compliant, variance-free and ready to use right out of the box

Specifications

- DMX Channels: 2 or 10
- DMX Connectors: 3-pin XLR
- Light Source: 650 nm/30 mW (Red) laser diode, 532 nm/20 mW (Green) laser diode
- Coverage Angle: 26°
- Power Linking: 10 units @ 120 V; 19 units @ 230 V
- Input Voltage: 100 to 240 VAC, 50/60 Hz (auto-ranging)
- Power and Current: 53 W, .8 A @ 120 V, 60 Hz 51 W, .4 A @ 230 V, 50 Hz
- Weight: 11.8 lb (5.4 kg)
- Size: 6.7 x 21.1 x 10.5 in (170 x 537x 268 mm)
- Approvals: CE, FDA
- Optional Controllers: IRC - 6
- : Complies with FDA performance standards for laser products except for deviations pursuant to Laser Notice No. 50, dated June 24, 2007

What's Included

- Mounting Bracket and Hardware
- Power Cord
- Warranty Card
- User Manual
