

Vivid 4

Vivid 4 is a modular video panel vividly displays content without the need of bulky media servers. Create dazzling video displays with these lightweight video panels that feature Black body LEDs that accurately reproduce high-contrast videos. Vivid 4 makes a perfect DJ façade and seamlessly integrates with Serato for displaying music videos to add gig excitement. Set up is easy and fast with multiple magnets and positioning pins that make getting up and running tool-free and effortless. Stellar reliability and quality are built into Vivid 4. Dual power supplies ensure downstream panels don't lose signal. Intelligent modules with dedicated memory improve the image quality and simplify maintenance. Panels can be suspended vertically or horizontally offering different aspect ratio options. Multiple Speego connectors mean Vivid 4 sets up twice as fast as other panels.
