

Vivid Drive 28N

Vivid Drive 28N is an easy-to-use video driver for CHAUVET DJ Vivid 4 video panels or any Novastar video panel. No computer needed! Vivid Drive 28N features powerful standalone mapping and a built-in video scaler for quick resizing of video content. Numerous input/output options are on board as well as backlit buttons for easy viewing in dark environments. The front knob can be set to control the master dimmer and you can seamlessly transition between different inputs with multiple transition effects. Compact 1U packing eases transportation and integration into your existing setup.
