

Wireless Atmospheric Controller (AC-W)

AC-W is a wireless atmospheric controller that can trigger effects wirelessly. The huge operation range for AC-W means it can trigger machines from almost anywhere.

Highlights

- Increase flexibility at any event by wirelessly triggering different atmospheric effects
- Compatible with the Hurricane™ 700 fog machine and B-250 and B-550 bubble machines
- Simplify set up and tear down by eliminating the need for an external power supply
- Keep track of your remote with the receiver's magnetized back plate
- Trigger the machine from almost anywhere with a vast operation range
