ILS Command

HIGHLIGHTS

- Powerful ILS controller capable of programing any ILS-enabled product
- Built-in D-Fi transmitter controls an unlimited number of ILS-enabled fixtures
- Customize, save and recall presets without using DMX
- Backlit silicon buttons provide a tactile response in dark environments
- Innovative follow spot mode highlights grand entrances without interrupting the rest of the show
- Backup, restore and update the controller's software using the built-in USB port
- Ensure unauthorized access is blocked by enabling the onboard lockout
- Built-in audio connector allows for better accuracy when triggering lights to the beat
- Manually override the show on the fly using the 9 quick color access buttons
- Safely transport the controller with the included carry case
